

# Soap Dispensers

## Features:

Hand washing is the one single activity that has the largest impact on reducing the spread of disease and cross contamination

## Benefits:

The Soap Dispenser can accept a choice of innovative liquid or foam pumps which provide a consumable flexibility option (antibacterial, lotion, foam and alcohol sanitizer) without changing the entire dispenser.

## Technical Specifications:

Available in grade 304 1.2mm brushed stainless steel finish, as well as ABS plastic with poly prop back plates

### Dimensions:

Width - 115mm

Height - 260mm

Depth - 100mm
